SECTION 2- STUDENT INFORMATION

Verification of In-District Residency

It is required by law that all parents/guardians provide the following residency information upon enrollment to prove that students attending are residents of our district.

Please submit the following required documentation from Category I and Category II if you have moved or have transferred from another school district since the end of the last school year. Please bring this information during regular summer hours in June and August. The office is closed in July.

If you are residing at the same address as you were at the end of the last school year, please sign the verification form indicating as such when school begins.

Category I: (one document establishing property within the District):

- a. Most recent property tax bill (homeowners)
- b. Mortgage papers (homeowners)
- c. Deed
- d. Signed and dated lease and proof of last two month's payments if lease is not at its inception (canceled checks or receipts required) (renters)
- e. Housing letter (military personnel)
- f. Letter from manager and proof of last two month's payment (canceled check or receipt required) (renters or trailer park residents)
- g. An agreement of sale for a residential property located within the District, signed by the seller and parent/custodian as buyer, which recites a closing date prior to the first day of attendance (new residents)
- h. Notarized affidavit of residence from the resident owner of property within the District where the parent/custodian of the child is living with the owner at no cost (those living with relatives or others).

Category II (one document establishing an address within the District)

- a. Driver's license
- b. Vehicle registration
- c. Current public aid card
- d. Current library card (if address is shown)
- e. Voter registration
- f. Most recent gas, electric, water, cable television, and or credit card bill
- g. Current homeowners/renters insurance policy and premium payment receipt

In-District Student Residency

A student is considered a resident of this district if his/her legal parent/guardian can provide proof of address where the child eats and sleeps on a daily basis. That proof must be one (1) item from Category 1 which shows ownership of property or rental receipts within our district; and one (1) item from Category 2 that shows identification giving the address within our district lines. (See Residency form for details.)

A guardian who is not the natural or adoptive parent needs to provide a signed statement that they are taking legal responsibility for the educational and medical needs of the child. A signed Power of Attorney document may be requested from the natural parent(s) to verify this commitment.

If a student moves out of our district during the school year, they will be permitted to remain in the school building they started in for the remainder of the school year, but the parent/guardian must provide transportation.

If a parent/guardian is enlisted in the military and is deployed temporarily out of our district, their child can still attend our schools with a written request, but the parent/guardian must provide transportation. At enrollment, if a child of military personnel are living in temporary housing outside our district, but intends to live within our district within 60 days, they can enroll and attend, but the parent/guardian must provide transportation until they physically live in our district.

Out-of-District Student Admission

A family who lives outside our district lines and wishes their child(ren) to attend our schools must make a written request to the superintendent. His/Her approval will be on a yearly basis taking into account the following: there is enough room in the class, maximum tuition fees will apply, and transportation must be provided by the parent/guardian.

A non-resident child may attend our schools tuition-free if: a written agreement is made with their own district administration and our superintendent that the child's health and safety can be better served here; a written agreement is made with a cultural exchange organization or charitable institution; an intergovernmental agreement is in place; or a court order dictates such placement.

Homeless Children

A homeless child will be enrolled immediately, even if the parent/guardian cannot provide proof of residency in our district.

Challenging Student Residency

If the superintendent or principal determines that a child has moved out of our district without notice but still attends our schools, the parent/guardian will be sent a notice by certified mail with return receipt of the tuition fees that are due.

Non-Discrimination Statement (Policy 2-260 and 7-10)

2:260 Uniform Grievance Procedure A student, parent/guardian, employee, or community member should notify any District Complaint Manager if he or she believes that the School Board, its employees, or its agents have violated his or her rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy, or have a complaint regarding any one of the following: 1. Title II of the Americans with Disabilities Act, 42 U.S.C. §12101 et seq. 2. Employee Credit Privacy Act, 820 ILCS 70/. The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to this grievance

procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired The right of a person to prompt and equitable resolution of a complaint filed under this policy shall not be impaired by the person's pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines All deadlines under this policy may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, school business days means days on which the District's main office is open.

Filing a Complaint A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed. For any complaint alleging bullying and/or cyberbullying of students, the Complaint Manager shall process and review the complaint according to Board policy 7:180, Prevention of and Response to Bullying, Intimidation, and Harassment, in addition to any response required by this policy. For any complaint alleging sexual harassment or other violation of Board policy 5:20, Workplace Harassment Prohibited, the Complaint Manager shall process and review the complaint according to that policy, in addition to any response required by this policy.

Investigation Process The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. The Complaint Manager shall ensure both parties have an equal opportunity to present evidence during an investigation. If the Complainant is a student, under 18 years of age, the Complaint Manager will notify his or her parents/guardians that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law, this policy, or any collective bargaining agreement, (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant. The identity of any student witnesses will not be disclosed except: (1) as required by law, this policy, or any collective bargaining agreement, (2) as necessary to fully investigate the complaint, or (3) as authorized by the parent/guardian of the student witness, or by the student if the student is 18 years of age or older. The Complaint Manager will inform, at regular intervals, the person(s) filing a complaint under this policy about the status of the investigation. Within 30 school business days after the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. The Superintendent will keep the Board informed of all complaints. If a complaint contains allegations involving the Superintendent or Board member(s), the written report shall be filed directly with the Board, which will make a decision in accordance with paragraph four of the following section of this policy.

Decision and Appeal Within 5 school business days after receiving the Complaint Manager's report, the Superintendent shall mail his or her written decision to the Complainant and the accused by registered mail, return receipt requested, and/or personal delivery as well as to the Complaint Manager. All decisions shall be based upon the preponderance of evidence standard. Within 10 school business days after receiving the Superintendent's decision, the Complainant or the accused may appeal the decision to the Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the Board. Within 30 school business days after an appeal of the Superintendent's decision, the Board shall affirm, reverse, or amend the Superintendent's decision or direct the Superintendent to gather additional information. Within five school business days after the Board's decision, the Superintendent shall inform the Complainant and the accused of the Board's action. For complaints containing allegations involving the Superintendent or Board member(s), within 30 school business days after receiving the Complaint Manager's or outside investigator's report, the Board shall mail its written decision to the Complainant and the accused by registered mail, return receipt requested, and/or personal delivery as well as to the Complaint Manager. This policy shall not be construed to create an independent right to a hearing before the Superintendent or Board. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

Appointing a Nondiscrimination Coordinator and Complaint Managers The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District's Title IX Coordinator. The

Superintendent shall appoint at least one Complaint Manager to administer this policy. If possible, the Superintendent will appoint two Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers. The Superintendent shall insert into this policy and keep current the names, office addresses, email addresses, and telephone numbers of the Nondiscrimination Coordinator and the Complaint Managers. 7:10 Equal Educational Opportunities Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under School Board policy 8:20, Community Use of School Facilities. Any student may file a discrimination grievance by using Board policy 2:260, Uniform Grievance Procedure. Sex Equity No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities. Any student may file a sex equity complaint by using Board policy 2:260, Uniform Grievance Procedure. A student may appeal the Board's resolution of the complaint to the Regional Superintendent (pursuant to 105 ILCS 5/3-10) and, thereafter, to the State Superintendent of Education (pursuant to 105 ILCS 5/2-3.8). Administrative Implementation The Superintendent shall appoint a Nondiscrimination Coordinator, who also serves as the District's Title IX Coordinator. The Superintendent and Building Principal shall use reasonable measures to inform staff members and students of this policy and related grievance procedures. For further information see policy manual @ www.ccs135.com

Student Records Act/ Destruction of Records

7:340 Student Records School student records are confidential. Information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction by a school employee, regardless of how or where the information is stored, except as provided in State or federal law as summarized below: 1. Records kept in a staff member's sole possession. 2. Records maintained by law enforcement officers working in the school. 3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials, for disciplinary or special education purposes regarding a particular student. 4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 18 years who has been arrested or taken into custody. State and federal law grants students and parents/guardians certain rights, including the right to inspect, copy, and challenge school student records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right

to opt-out of the release of directory information regarding his or her child. The District will comply with State or federal law with regard to release of a student's school records, including, where applicable, without notice to, or the consent of, the student's parent/guardian or eligible student. Upon request, the District discloses school student records without parent consent to the official records custodian of another school in which a student has enrolled or intends to enroll, as well as to any other person as specifically required or permitted by State or federal law. The Superintendent shall fully implement this policy and designate an official records custodian for each school who shall maintain and protect the confidentiality of school student records, inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records. Student Biometric Information Collection The Superintendent or designee may recommend a student biometric information collection system solely for the purposes of identification and fraud prevention. Such recommendations shall be consistent with budget requirements and in compliance with State law. Biometric information means any information that is collected through an identification process for individuals based on their unique behavioral or physiological characteristics, including fingerprint, hand geometry, voice, or facial recognition or iris or retinal scans. Before collecting student biometric information, the District shall obtain written permission from the person having legal custody/parental responsibility or the student (if over the age of 18). Upon a student's 18 th birthday, the District shall obtain written permission from the student to collect student biometric information. Failure to provide written consent to collect biometric information shall not be the basis for refusal of any services otherwise available to a student. All collected biometric information shall be stored and transmitted in a manner that protects it from disclosure. Sale, lease, or other disclosure of biometric information to another person or entity is strictly prohibited. The District will discontinue use of a student's biometric information and destroy all collected biometric information within 30 days after: (1) the student graduates or withdraws from the School District, or (2) the District receives a written request to discontinue use of biometric information from the person having legal custody/parental responsibility of the student or the student (if over the age of 18). Requests to discontinue using a student's biometric information shall be forwarded to the Superintendent or designee. The Superintendent or designee shall develop procedures to implement this policy consistent with State and federal law. For further information see policy manual @ www.ccs135.com

Health Exam and Immunization

7:100 Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students. Required Health Examinations and Immunizations A student's parents/guardians shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to: 1. Entering kindergarten or the first grade; 2. Entering the sixth grade; and 3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country). Proof of immunization against meningococcal disease is required for students in grade 6. As required by State law: 1. Health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice registered nurse, or a physician assistant who has been delegated the performance of health examinations by a supervising physician. 2. A diabetes screening is a required part of each health examination; diabetes testing is not required. 3. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening. 4. Before admission and in conjunction with required physical examinations, parents/guardians of children between the ages of one and seven years must provide a statement from a physician that their child was risk-assessed or screened for lead poisoning. 5. The IDPH will provide all students entering sixth grade and their parents/guardians information about the link between human papillomavirus (HPV) and HPV-related cancers and the availability of the HPV vaccine. 6. The District will provide informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students' parents/guardians. Unless an exemption or extension applies, the failure to comply with the above requirements by the first day of school of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after the first day of school of the current school year

shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by the first day of school, the student must present, by the first day of school, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice registered nurse, physician assistant, or local health department responsible for administering the immunizations. A student transferring from out-of-state who does not have the required proof of immunizations by the first day of school may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted. Eye Examination Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required. Parents/guardians of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination. If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination. Dental Examination All children in kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH. If a child in the second or sixth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parents/guardians are notified of this dental examination requirement at least 60 days before May 15 of each school year. Exemptions In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for: 1. Religious grounds, if the student's parents/guardians present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parents/guardians of exclusion procedures pursuant to Board policy 7:280, Communicable and Chronic Infectious Disease, and State rules if there is an outbreak of one or more diseases from which the student is not protected. 2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced practice registered nurse, or physician assistant provides written verification. 3. Eye examination requirement, if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist. 4. Dental examination requirement, if the student's parents/guardians show an undue burden or a lack of access to a dentist. Homeless Child Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. School Board policy 6:140, Education of Homeless Children, governs the enrollment of homeless children. For further information see policy manual @ www.ccs135.com

Fee Waiver

4:140 Waiver of Student Fees The Superintendent will recommend to the School Board a schedule of fees, if any, to be charged students for the use of textbooks, consumable materials, extracurricular activities, and other school student fees. Students must also pay for the loss of or damage to school books or other school-owned materials. Fees for textbooks, other instructional materials, and driver education are waived for students who meet the eligibility criteria for a fee waiver as described in this policy. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay student fees, the Superintendent will recommend to the Board which additional fees, if any, the District will waive for students who meet the eligibility criteria for fee waiver. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment. Notification The Superintendent shall ensure that applications for fee waivers are widely available and distributed according to State law and Ill.State Board of Education (ISBE) rule and that provisions for assisting parents/guardians in completing the

application are available. Eligibility Criteria A student shall be eligible for a fee waiver when the student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program. Verification The Superintendent or designee must follow the verification requirements of 7 C.F.R. 245.6a when using the free lunch or breakfast eligibility guidelines pursuant to The National School Lunch Act as the basis for waiver of the student's fee(s). Determination and Appeal Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the ISBE rule on waiver of fees. For further information see policy manual @ www.ccs135.com

Birth Certificate Policy

7:50 School Admissions and Student Transfers To and From Non-District Schools Age To be eligible for admission, a child must be 5 years old on or before September 1 of that school term. A child entering first grade must be 6 years of age on or before September 1 of that school term. Based upon an assessment of a child's readiness to attend school, the District may permit him or her to attend school prior to these dates. A child will also be allowed to attend first grade based upon an assessment of his or her readiness if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be 6 years old on or before December 31. A child with exceptional needs who qualifies for special education services is eligible for admission at 3 years of age. Early entrance to kindergarten or first grade may also be available through Board policy 6:135, Accelerated Placement Program. Admission Procedure All students must register for school each year on the dates and at the place designated by the Superintendent. Parents/guardians of students enrolling in the District for the first time must present: 1. A certified copy of the student's birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Superintendent or designee shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Superintendent or designee shall refer the case. The Superintendent or designee shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content. 2. Proof of residence, as required by Board policy 7:60, Residence. 3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students. The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U. S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed. Homeless Children Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required for enrollment. Board policy 6:140, Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children. Foster Care Students The Superintendent will appoint at least one employee to act as a liaison to facilitate the enrollment and transfer of records of students in the legal custody of the Illinois Department of Children and Family Services when enrolling in or changing schools. Student Transfers To and From Non-District Schools A student may transfer into or out of the District according to State law and procedures developed by the Superintendent or designee. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this

or any other state, before being admitted into the School District. For further information see policy manual @ www.ccs135.

SECTION 3 – ATTENDANCE

Arrival to School

- Students should not arrive before 7:45 A.M. unless they are participating in an approved before school activity.
- If students are eating breakfast, they are to do so as soon as they arrive.
- 6th - 8th grade students will enter the building, pick up breakfast and report to their 1st hour class.
 - Remove hats/hoods and/or sunglasses when entering the building.
 - Once on school property, stay on school property.
 - Use assigned entrances according to grade level.
 - Electronics are to be turned off and out of sight when entering the building.
 - Follow directions given by all staff members.

Closed Campus

Centralia Junior High School has a closed campus policy. Once students arrive at school, they are not permitted to leave the school grounds without permission. All students are to eat lunch in the cafeteria. If a student does not purchase lunch, they should bring lunch from home. Circumstances which would require an exception to this policy must be brought to the attention of the principal.

Leaving School During School Hours

Regardless of the reason for leaving school, all students must sign out through the office. In cases when a parent wishes their child to be dismissed for a doctor or dental appointment or family emergency, the school should be notified in writing or by phone. If a child becomes ill during school hours, the teacher in charge will refer him/her to the nurse. If it is necessary that the student go home, the nurse will notify the parent. Students are not permitted to call to be picked up due to illness.

Dismissal From School

- Leave school property within 10 minutes of dismissal – Students may stay for participation in approved after-school activities.
- Use assigned exits..
- 6th - 8th grade students are not to be in the 4th - 5th grade hallway.
- Follow directions given by all staff members.

Tardiness

At Centralia Junior High School, we believe it is imperative that students are at school when school starts and in his/her first hour class before the tardy bell at 8:05. Tardiness is defined as a student not being in their assigned area at the start of class. A student is tardy when he/she is not in the classroom or assigned instructional area when the tardy bell rings. Ample time is provided for moving from class to class. A teacher pass will be given for special permission to be late to class. On the first and second tardy per class, students will lose a Tiger Point and the teacher will reteach the expectation. The third tardy will result in the student receiving a detention. Each consecutive tardy within the same class period after the third will result in additional detentions. Examples of unacceptable reasons for tardiness are: car trouble, visiting,

oversleeping, needed at home, family vacation that has not been pre-arranged, babysitting, missed bus, alarm didn't work, etc.

Absences/Student Attendance

It is the responsibility of the parent to contact the attendance office each day that the student is absent. The attendance office opens at 7:30 a.m. and the phone number is 533-7130. Central Middle School phone number is 618-545-6612. Messages may be left 24 hours a day, 7 days a week.

There are two types of absences: excused and unexcused. All absences fall under one of the following categories:

1. Excused – Absences resulting from illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reasons as approved by the principal or assistant principal.
2. Unexcused – Absences including truancy or other unjustifiable absences are considered unexcused. Examples of inexcusable absences include but are not limited to over sleeping, missing the bus, car trouble, and babysitting.

The school may require documentation explaining the reason for the student's absence.

Mental Health Days-Students are allowed to take up to 5 Mental or Behavioral health days per school year. A student is not required to show a medical note, and is allowed to make up missed work while they're absent. Following the second mental health day, the student may be referred to the appropriate school personnel. (Illinois Senate Bill 1577)

In the event of any absence, the student's parent or guardian is required to call CJHS at (618) 533-7130 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Excessive Absences

A student should not have more than four (4) excused absences during one semester for a total of eight (8) per school year. A child should not have more than four (4) unexcused absences without an acceptable form of documentation as to why the student is absent for the school year. After the 4th absence per semester, a student will only be excused if an appropriate form of documentation is turned in to the Attendance Office on the day the student returns to school. Acceptable forms of documentation include: doctor's note, court note, funeral note, etc.

A fifth (5th) unexcused absence will result in one or all of the following: a referral to the Home School Liaison, a referral to the Student and Family Education Court, a referral to the Regional Office of Education Truancy Program, and a letter informing the family of their services. After nine (9) unexcused absences, a Chronic Truancy officer will be assigned to the family to help overcome obstacles that prevent the child from attending school on a regular basis. More than three consecutive excused absences will require additional documentation from the doctor to be excused.

Truancy

Student attendance is critical to the learning process. Truancy is, therefore, a serious issue and will be dealt with in a serious manner by the school and district. A student is considered truant anytime the student is absent without the permission of the student's parent/guardian and of the school. If a student leaves the school without approval, that student is considered truant. Any unexcused absence from school is considered truant.

Students who miss nine (9) or more of the prior 180 regular school days (two school years) without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the Student Family Education Court
- Reporting to the Regional Office of Education #13
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Student and Family Education Court

Centralia Junior High School has implemented the Student and Family Education Court (SFEC). This truancy diversion program is designed to increase student attendance by decreasing the obstacles that lead to poor attendance

After a student has experienced five (5) unexcused absences, the school district home-to-school liaison is contacted and the school sends a letter to the student's parents/guardians stating that the student has become eligible for services offered through the Student and Family Education Court program.

After a student experiences a total of nine (9) unexcused absences, the school is responsible to report the student to the Regional Office of Education #13 as chronically truant on the chronic truant referral form. The SFEC will work closely with the school district and the ROE #13 School Resource Officers to determine further action.

SECTION 4 - EXTRACURRICULAR ACTIVITIES/ SPORTS

Athletic Eligibility Requirements

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

Students electing to participate in athletics are expected to maintain passing grades. In order to be eligible to participate in athletics, including cheerleading, students cannot be failing in any subject. The grades of each athlete will be checked every Friday. A student failing in any subject will be notified that he/she will not be permitted to participate in any inter-school contests starting Saturday. The ineligible student will remain ineligible until the following Friday academic check declares him/her eligible, starting Saturday for the following week. Any athlete or cheerleader who is ineligible three (3) consecutive weeks or five (5) cumulative weeks will not be permitted to participate for the remainder of that sports season.

Any time a student is absent for more than half of a school day, they may not participate in evening activities, athletic practices, or athletic events. Students may attend an awards ceremony for a sporting event they participate in if they are assigned an after school detention or in-school detention. Students may participate in practice the day of an assigned after school detention or in-school suspension providing that the detention or in-school suspension has been successfully served. However, they may not attend or participate in any sporting event scheduled the day of the assigned lunch detention, after-school detention, or in-school suspension. A student who has been suspended from school is also suspended from participation in all athletic activities for the duration of the suspension. Please refer to the athletic handbook for additional guidelines governing participation in athletic events.

Extra-Curricular Activities

Along with the academic program, an important part of any school is the extra-curricular program. At CJHS, students are provided with a diversified extra-curricular program and are encouraged to participate. The extra-curricular program includes: Yearbook, Honors Club, Spelling Bee, Robotics, Chorus, Band, Flag Corp, Chess Club, Office Assistants, dances, and social events.

A student who is absent from school for more than a half day is ineligible for any extracurricular activity, including chorus programs, concerts, etc. on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for: 1) a pre-arranged medical absence; 2) a death in the student's family; 3) a religious ceremony or event; or 4) other extenuating circumstances.

A student who has been suspended from school is also suspended from participation in **all** extracurricular activities for the duration of the suspension.

Sports Offered at CJHS

Fall: Boys Baseball (6-8), Girls Softball (6-8), Cross County (5-8)

Winter: Boys Basketball (6-8), Girls Basketball (6-8), Cheerleading (6-8), Volleyball (6-8)

Spring: Scholar Bowl (6-8), Boys Track (6-8), Girls Track (6-8)

Sports Physical

All students planning to participate in any sport must have a current (within one year) sports physical on file before trying out. Sixth grade students may consider their school physicals meeting this requirement unless restrictions were listed by the physician completing the exam.

Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Southern Illinois Junior High Schools Athletic Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

SECTION 5 – TIGER TIDBITS

Acceptable Use Agreement

Centralia City Schools provides access to the internet for all students. We do this to promote educational excellence, engaged learning, resource sharing, problem solving, innovation and communication. All parents/guardians and their children must sign an agreement to use the internet privileges properly or to deny their use of the internet. (See the internet use agreement document for more details.) Violations of these expectations may result in all computer/internet privileges being terminated and disciplinary actions in accordance with the school's disciplinary procedures.

Bus Students

All students who live more than one and a half (1 ½) miles from the building they attend may ride a bus to and from school each day. All are expected to follow the driver's rules on the bus to maintain a safe ride. Failure to follow those rules can be grounds for loss of bus privileges. Consequences for poor behavior choices are determined by the building principal and/or superintendent. Suspension from the bus does not excuse non-attendance from school unless otherwise stated by the principal/superintendent. Your child is expected to be at school and you must provide transportation. No student will be allowed to ride the bus to or from school if they are not a qualified bus rider. A student may **not** ride a bus home with a friend/relative if he/she is not a qualified bus rider. If a qualified bus rider is riding a different bus than what he/she normally rides, a parent/guardian must send a note and the student **must have the note signed by the principal or assistant principal**.

Care of School Property

Centralia Junior High School is well maintained by our staff. It is all of our responsibility to keep the facilities in good shape. Damaging or attempting to damage school property, whether a book, furniture, fixture, or building will be dealt with harshly. Please report any damage to school officials. Willful damage will result in full repair/cleanup and/or payment to replace the item. School officials reserve the right to take action as deemed appropriate. With your help and cooperation, students in the future will also enjoy and benefit from our facilities. In part, the community judges our students by the appearance of our school. Let's make them proud of both.

Homework

Homework for students is encouraged and necessary to supplement and strengthen the regular classroom work. Students profit from a program of systematic study both in and outside school. The amount of homework varies from class to class.

Honor Roll

The following shall be the criteria for placement on the honor roll or high honor roll at Centralia Junior High School and Central Middle School:

High Honor Roll: 5.0

Honor Roll: 4.7 – 4.9

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit.

The student is responsible for obtaining assignments from his/her teachers. It is the responsibility of the student to obtain all make-up work. If a student is absent for a day or two, they may get the missed assignments from their teacher. If a student is absent for three days or more and will be unable to return to school immediately, their parents may call the school and make arrangements to pick up the student's textbooks and missed assignments. In either instance, the student will be given adequate time to hand in these assignments. Arrangements for absences other than illness should be made prior to the absence and make-up work should be done prior to the absence, if at all possible. It is the student's responsibility to contact the teachers for information and scheduling regarding make-up work and tests.

Students who are unexcused from school may not be allowed to make up missed work.

Medication

Due to some students needing to take prescription medication during school hours, the following guidelines are in place:

- Medication forms are available and must be completed by your doctor giving orders for our school nurse or designated staff member to administer the medication to your child.
- All medications are provided by the parent/guardian and should be kept in the school nurse's office with the exception of inhalers, epi-pens, or other emergency medications which may only be carried by the student after proper medication forms are completed.
- Over-the-counter medications may be administered with parental permission for no more than two days. Medications must be brought in properly labeled containers and kept in the nurse's office.

On-Line Grades and Retentions

In order for parents/guardians to stay informed of their child's grades, grades may be viewed online at www.ccs135.com (click on "Skyward"). If you have any questions about on-line grades, please call the school at 533-7130. Reports will be sent home at mid-term and at the end of each quarter. A Parent-Teacher Conference is held in conjunction with the issuance of the first-quarter report card. Students who excel academically will be included in the honor roll listing each quarter. Any student receiving three (3) "F's" on their final grade will be retained. The grading scale is as follows:

90-100.....	A
80-89.....	B
70-79.....	C
60-69.....	D
59 & Below.....	F

School Physical and Dental Requirements

All sixth grade students are required to have a current school physical exam with up-to-date immunizations before registration. All sixth grade students are required to have a current dental exam turned in before May 15th of the school year or report card may be withheld until the requirement has been met.

School Dances

Attendance at school-sponsored dances is a privilege. Only students who attend the school may attend school-sponsored dances. All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances. Any student who has been assigned a Lunch Detention, After School Detention, In-School Suspension, or Out-of-School Suspension the week of a school-sponsored dance may not attend the dance.

Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

Telephone

Unless it is an emergency, students will not be contacted to receive a phone call. Students must obtain permission to use the phone and are expected to limit their calls only to important matters - - **not to make after school plans**. Students are not to use their cell phones to call home. If a student chooses not to follow the proper procedures, it will result in consequences being assigned by the administration. If a student becomes ill, the student is to be evaluated by the nurse before going home.

Tiger Points

Each quarter students will receive a Tiger Point sheet to monitor their daily behavior and how they are meeting the Tiger Traits expectations. Students who are a classroom disruption or violate an expectation will lose a Tiger Point. The goal is to have at least 85% of your Tiger Points at the end of each quarter. Students that meet their goals will be able to participate in the bi-quarterly celebration. Students who do not will be assigned to a reteach room during this time and will go over the school-wide expectations.

Visitors

Except for educational purposes (making a presentation, shadowing, etc.), visitors will not be permitted in the building during regular school hours (7:45 A.M. to 3:15 P.M.). This includes past graduates, relatives, friends, etc. Parents are encouraged to schedule meetings with administration, prior to arrival at the respective schools. High school students wanting to visit a former teacher must wait until after 3:15 P.M. All visitors are required to sign in and obtain a Visitor's Pass.

SECTION 6

POSITIVE BEHAVIOR INTERVENTION SUPPORT (PBIS)

Centralia Junior High and Central Middle School has implemented a process called PBIS (Positive Behavior Intervention Support). PBIS is not a program or a curriculum. It is a team-based process for creating a safer and more effective approach to enhance the ability of schools to educate all students by developing a research-based, school-wide, and classroom discipline system. The administration, faculty, and staff have developed a Behavior Matrix which charts every school setting and the expectations that are expected in those locations. A detailed list follows that more clearly defines the expectations that have been established for CJHS students. **Students will have opportunities to regain points that may have been lost.**

Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants. 16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member. 17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia. 18. Violating any criminal law, including but not limited to, assault, battery, arson, theft,

gambling, eavesdropping, vandalism, and hazing. 19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school. 20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee. 21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property. For purposes of this policy, the term possession includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event. Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior. No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student. Disciplinary Measures School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following: 1. Notifying parent(s)/guardian(s). 2. Disciplinary conference. 3. Withholding of privileges. 4. Temporary removal from the classroom. 5. Return of property or restitution for lost, stolen, or damaged property. 6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised. 7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee. 8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice. 9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules. 10. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct. 11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities. 12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities. 13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of

the School Code. 14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-alikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies. The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. Isolated Time Out, Time Out, and Physical Restraint Neither isolated time out, time out, nor physical restraint shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285), and the District's procedure(s). Weapons A student who is determined to have brought one of the following objects to school, any school sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years: 1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1). 2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including look-alikes of any firearm as defined above. The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theater, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm. This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area. Re-Engagement of Returning Students The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit. Required Notices A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, Ill. Dept. of State Police (ISP), and any involved student's parent/guardian. School grounds include modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself. Delegation of Authority Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and

other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior. The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons. Student Handbook The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval. A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment. For further information see policy manual @ www.ccs135.com

SECTION 7 – DISCIPLINE CODE

Discipline

Acceptable behavior is expected and rewarded in our schools. Unacceptable behavior will have consequences to motivate and encourage good behavior. Each building has a level system of consequences to use when dealing with acts of misbehavior. Typically, depending on the severity of the behavior, a staff member or principal will have a conference with the student to determine the reason for the behavior. If the behavior is resolved, the student may be permitted to return to class. If not, then a consequence is given to the student such as: a lunch detention, an after school, or a Friday night detention (homework). The parent/guardian will be notified in advance of the detention so they can make transportation arrangements. A conference(s) with the parent/guardian may be required to resolve the issue if the behaviors continue. The next consequence level is a suspension. We have in-school and out-of-school suspensions. Suspensions can be given up to ten (10) school days. The student is held responsible to complete his/her daily assignments during this time. The final consequence level is expulsion from school. If a student's choice of behavior is so extreme that it causes a safety concern or harms another student or staff, that student will be expelled. The expulsion period is set for a definite time period not to exceed two (2) school years. An alternative educational program is available for students in the 6th grade or higher. Local authorities may be called to assist in the discipline and/or formal charges may be filed.

Corporal punishment is not used in our schools. Physical restraint by trained individuals may be used if the student presents a safety issue to himself/herself or others.

Parents/guardians are essential to the success of our students making good behavioral choices. Please help your child(ren) to understand that rules are important to be a successful, safe, and happy person.

At the beginning of the school year, all students will be informed of the Classroom Management plans respective to their academic schedule and will be orientated to the contents of the discipline handbook. It is the responsibility of each student to know the requirements of their respective classroom management plans and the requirements of the discipline code, and to conduct themselves in accordance with these prescribed regulations.

Prohibited Student Conduct

Disciplinary action may be taken against any student guilty of gross disobedience or misconduct, including, but not limited to, the following:

1. Using, possessing, distributing, purchasing, selling or offering for sale tobacco or nicotine materials, including electronic cigarettes or vapes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of alcoholic beverages are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:

Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals..
7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.

10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.

20. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;

Acts of Violence

Acts of school violence include, but are not limited to, threats of violence, written or verbal, explicit or implied; the exerting of physical force; fighting. A fight is defined as verbally or physically contributing to any situation in which the use of physical force is threatened or demonstrated.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. Detention provided the student's parent/guardian has been notified.
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Fighting

Students involved in fights during school hours, during school activities, on the bus, or in any other situation under the jurisdiction of the school may be subject to suspension for up to ten days. Any student who throws a punch or makes physical contact during an altercation may be suspended from school at least 2 days and up to ten (10) days. Repeated violations of this policy may result in a recommendation of expulsion to the Centralia City Schools Board of Education. Students who instigate or promote fights among fellow students will be subject to disciplinary measures. Students who leave their assigned classroom or area, or leave their normal path to and from class to observe a fight are subject to disciplinary measures. In addition, law enforcement authorities may be called to the school and legal action may be taken.

Discipline Referral

Students who violate the school and/or classroom expectations will be given a Discipline Referral. Discipline Referrals may be issued by any school personnel in a supervisory position at the time of the infraction. Discipline Referrals are given as an intervention and consequence to student behavior. Minor infractions may result in a loss of privileges and/or a Lunch Detention or After School Detention being assigned and the parent being notified.

Office Discipline Referral (ODR)

Any behavior that is a serious disruption to learning or safety will result in an immediate referral to the office. In addition, continued minor disruptive behavior or continued failure to comply with school rules will also result in a referral to the office.

Additional consequences may include, but are not limited to: loss of privileges, parent notification, assigned work related to the offense, compensatory payment of damages, Lunch Detention (LD), After-School Detention (ASD), In-School Suspension (ISS), Out-of-School Suspension (OSS), and expulsion. The administration reserves the right to assign or change consequences based on the situation. In extreme circumstances, if a child is posing a physical danger to himself/herself or others, staff may restrain the child using proper, safe techniques. This restraint will be documented and parents will be notified. Restraint will only be used when there is a physical danger present and when no other alternatives have been effective in deescalating or stopping the harmful behavior.

After School Detention (ASD)

Centralia Junior High School operates a detention hall every afternoon from 2:45 P.M. to 3:45 P.M. ***Students assigned to detention are expected to be on time and have sufficient work to do.*** Students are also expected to make arrangements for transportation home prior to serving detention. Detentions are assigned from either the principal or assistant principal's office for a variety of reasons, such as misbehavior in the classroom, hallway, or lunchroom; tardiness; and failure to correct continued misbehaviors. Teachers may assign an after school detention for misbehavior in the classroom. Detentions are assigned at least one day after the offense allowing a student sufficient time to make transportation arrangements. A student, at his or her own discretion, may choose to serve the detention the same day as receiving it; however, the assigned date is the date used to determine if he or she will be eligible to attend or participate in any extra-curricular activities that afternoon or evening. Students intentionally not staying for a detention without first receiving permission will automatically be assigned another detention. Students accumulating too many detentions face further disciplinary action, including loss of extracurricular activity privileges, ISS, suspension from school.

In-School Suspension (ISS)

We strive to make Centralia Jr. High School a safe environment where students come to learn. When a student's behavior is causing a severe disruption to the learning or safety of themselves or others, it may be necessary for that student to go to In-School Suspension (ISS). ISS is run by a certified teacher and a paraprofessional. At times, the student may serve their ISS on the Centralia Jr. High School campus. At other times, however, ISS may be served at the Alternative Learning Academy (ALA) housed at the William H. Walker Education Center. This room will still be supervised by Centralia Jr. High School staff. Because the ALA has agreed to allow us to use a room in their building, students entering will be required to follow their rules for building entry as well. Students are expected to bring necessary materials (planners, point sheets, homework, pencils, etc.) so that they are able to complete their daily work while serving time in ISS. If a student has difficulty maintaining appropriate behavior in ISS, their parents/guardians may be contacted to meet with the administration to determine a path to improve the student's behavior. The ultimate goal for all students at Centralia Jr. High School is to keep students in classes where they can learn. Students must earn enough daily points while in ISS in order to earn credit for a day served. If enough points are not earned, another day of ISS will be assigned. The following guidelines apply to a student assigned to ISS:

Notification: Teachers will receive a notice requesting assignments for any student assigned to ISS. The notice will be given as soon as possible to allow time for planning of the assigned work.

Assignments: All teachers on the assigned student's schedule will be required to provide daily assignments.

Completed Assignments: Each student is responsible for returning assignments to his/her teacher. Any assignments not returned to the teacher will be considered late assignments.

Tests: The student will be permitted to take tests during ISS. The teacher will be responsible for delivering and collecting any tests.

Grades: The purpose of ISS is to provide a consequence for undesirable behavior. Students are given the opportunity to do their class work without penalty.

Out-Of-School Suspension (OSS)

At Centralia Junior High, we try to impose several different consequences before we have to suspend a student. But, if behavior warrants, students will be suspended for repeated misbehavior or for a serious incident. The following are the guidelines that apply to a student who is suspended:

- Assignments may be picked up the next day after 3:00 P.M.
- Work must be completed when the student returns to school.
- Incomplete work will receive a zero.

Expulsion

Expulsion is defined as the removal of a student from classes for a time period of more than 10 consecutive school days. Expulsion may be up to TWO (2) school years. Only the Board of Education may expel a student from school. Students are entitled to full due process rights.

Behavioral Intervention Guidelines

I. Purpose:

These initial procedures were developed after review and consideration of the *Behavioral Intervention in Schools: Guidelines for Development of District Policies for Students with Disabilities* promulgated by the Illinois State Board of Education which promote the use of positive interventions. For a copy of the *Guidelines* you may contact the Illinois State Board of Education by writing to 100 North First Street, Springfield, IL 62777-0001. You can also reach the Illinois State Board of Education at this number: 217-782-5589. These revised procedures were developed after review and consideration of the emergency Rules part 1.280 and part 1.285. For questions specific to these procedures, you may contact Kristina Unverfehrt at 618-533-7130 ext 1020.

It is the purpose of these procedures to provide the structure for the District to comply with applicable laws with respect to the use of behavioral interventions for students with disabilities who are receiving special education services.

II. Interventions

A. Nonrestrictive

1. These interventions are the preferred method to affect a positive change in the student's behavior and may be used without a written behavior plan or change to the student's Individual Education Plan (IEP).
2. This type of intervention includes, but is not limited to, direct instruction, positive practice, overcorrection, prompting, self-directed or teacher-directed calm corner, temporary restriction from extracurricular activity, detention, temporary instructional setting, redirection and positive reinforcement, and suspension for less than aggregate of ten (10) days.
3. Excessive use or a negative reaction by the student may indicate that the intervention is or is becoming restrictive. If the IEP team determines an intervention has become restrictive, the staff will follow all safeguards addressing restrictive interventions set forth in Section IV below.

B. Restrictive

1. Prior to using any restrictive interventions, the IEP team must amend the student's IEP by adding a behavior management plan which was written in accordance with a completed functional behavior analysis, except in the event of an emergency which endangers the safety of the student or others.
2. This type of intervention includes, but is not limited to, food delay, forced physical guidance, suspension for aggregate of ten (10) or more days, exclusion from extracurricular activities, physical restraint and time-out.

C. Highly Restrictive

1. Highly restrictive interventions are inappropriate for use in most school settings and, if used, administrative staff will closely monitor the use.
2. This type of intervention includes, but is not limited to, aversive mists, and expulsion with special education services.

D. Prohibited

Prohibited interventions are not to be used under any circumstances and include, but are not limited to, isolated time out, withholding meals, corporal punishment, expulsion without special education services, mechanical restraints*, faradic skin shock, and physical manipulations whose intent is to cause pain.

*Mechanical restraints do not include devices prescribed by appropriate medical or related services professional and used for the specific and approved purpose for which such devices were designed, such as:

- Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports;
- Vehicle safety restraints when used as intended during the transport of a student in a moving vehicle;
- Restraints for medical immobilization; or
- Orthopedically prescribed devices that permit a student to participate in activities without risk of harm

III. Behavior Intervention Plan

- A. Students with disabilities who exhibit significant behavioral or emotional needs to such a marked degree as to require the use of restrictive interventions must have a written behavior plan attached to his or her IEP. The IEP team shall meet to develop the plan and amend the student's IEP in accordance with the behavior intervention plan.
- B. The behavior plan should include:
 1. a summary of the functional behavioral assessment;
 2. interventions previously used and those to be implemented;
 3. expected behavioral changes and evaluation methods;
 4. intervention effectiveness review; and
 5. a provision for communicating with the parent regarding the student's behavior.

IV. Use of Time Out and Physical Restraint Interventions

- A. Time out and physical restraint shall be used only for therapeutic purposes, or as a means of maintaining a safe environment for learning, and only to the extent necessary to preserve the safety of staff and students. Neither time out nor physical restraint shall be used as a form of punishment.

B. Definitions

1. “Time out” means a behavior management technique that involves the monitored separation of a student from classmates with a trained adult for part of the school day, usually for a brief time, in a non-locked setting.
2. Physical restraint means to hold a student or otherwise restrict the student’s movements. Physical restraint includes only the use of specific, planned techniques (e.g. “team control”). A physical restraint shall not impair a student’s ability to breathe or speak normally. Prone or supine physical restraint is not permitted.
3. Restraint does not include momentary periods of physical restriction by direct person-to-person contact without the aid of material or mechanical devices accomplished with limited force and designed to:
 - a. prevent a student from completing an act that would result in potential physical harm to himself, herself or another, or damage to property; or
 - b. remove a disruptive student who is unwilling to leave the area voluntarily.

C. General requirements for physical restraints

1. Physical restraint may only be employed under the following conditions:
 - a. the student poses a physical risk to himself, herself, or others,
 - b. there is no medical contraindication to its use, and
 - c. the staff applying the restraint has been trained in its safe Application.
2. Only individuals who have received systematic training and have received a certificate of completion or other written evidence of participation shall apply physical restraint to students. Physical restraint shall not be used for incidents of profanity or verbal disrespect or threats, unless the student has demonstrated means of or intent to carry out the verbal threat.
3. Mechanical or chemical restraint (i.e. the use of any device other than personal physical force to restrict the limbs, head, or body) shall not be employed.
4. Medically prescribed restraints used for physical disability or immobilization shall not be used as physical restraint for maintaining discipline.
5. The staff shall consider the safety and security of the student when applying physical restraints. Physical restraint shall not rely on pain as an intentional method of control.
6. In determining whether a student who is being physically restrained should be removed from the area where the restraint was initiated, the supervising adult shall consider the potential for injury to the student, the student’s need for privacy, and the educational and emotional well-being of other students in the vicinity.

7. When physically restraining a student who uses sign language or an augmentative mode of communication, the staff will allow the student brief periods when his or her hands are free for communication, unless this would result in harm to the student or others.

D. Time limits

1. A student shall not be kept in a time out longer than is therapeutically necessary. No less than once every 15 minutes, the trained adult must assess whether the student has ceased presenting the specific behavior for which the time out was imposed.
2. Staff shall release a student from physical restraint immediately after determining that the student is no longer an imminent danger to himself, herself, or others.
3. If a time out exceeds thirty (30) minutes or a physical restraint exceeds fifteen (15) minutes, or repeated incidents in the aggregate of three hours:

A licensed educator knowledgeable about the use of time out or trained in the use of physical restraints, as applicable, shall evaluate the situation considering the appropriateness of continuing the procedure in use, including the student's potential need for medication, nourishment, or use of a restroom, and the need for alternative strategies (e.g. assessment by a mental health crisis team, assistance from police, or transportation by ambulance), and produce a written report of the evaluation with a copy sent to the Special Education Supervisor, Principal, and one placed into the student's temporary record.

4. Upon the third instance of non-therapeutic time out or physical restraint, staff shall review the effectiveness of the intervention(s) and will convene an IEP meeting to determine the need for the addition of or update to a behavior intervention plan for continued use or modification to the intervention(s). The IEP meeting shall also consider the student's potential need for an IEP revision, including the consideration of an alternative program.
